DEMOCRATS DEBATE PLATFORM

CONVENTION HEARS LAST OF SPEECHES FOR CANDIDATES

DELEGATES MARK TIME WHILE PLATFORM FIGHT GOES ON IN COMMITTEE.

NO BALLOTING

Fourth Session of Democratic National Convention Lacking in Enthusiasm.

(By Associated Press.)
San Francisco, July 1.—It was a different kind of a convention that the delegates gathered here today. There was a feeling that the platform committee, still struggling with the big questions, would stay in the hall and in bitterness and wide divergence of thought.

With no possibility of a ballot in sight, the delegates listened to the few speeches still left for nominations and sang and cheered themselves up at any previous time. The day of waiting seems pleasant.

Many Seats Vacant.
Whole sections of the delegates left the convention when called to order. The delegates knew that there was to be no fight and many of them departed at the hotels or were in conference.

After sending the police through the aisles to clear the delegates seated and Bishop Nichols of the Episcopal diocese of San Francisco offered the prayer concluding the ball. The delegates in the vestal of the lord's prayer.

When the organ pealed off "The Star Spangled Banner" the convention chorused in the strains of the majestic air.

At the close of the singing Judge Marks of San Francisco took a place at the speakers' stand and recited the Battle Hymn of the Republic while the great assembly thrashed the melody of the martial air in accompaniment.

Simmons Entered in Race.
New Mexico, first in the nomination of William G. McAdoo. It was the signal for a demonstration which started in the galleries and spread to the delegates on the floor, but did not last long. North Carolina sent W. C. Newland of Raleigh to the platform to place in nomination Senator Simmons, for whom the North Carolina delegates are instructed.

Combine in Strength.
Outside the convention hall the combine against McAdoo was being strengthened. Overnight conferences failed to produce a united front but the determination was to hold solidly from McAdoo enough votes to prevent his being named by the platform committee excluded spectators, refused to permit newspaper men to be present and a crowd of police was kept at bay.

Gloss is in the Race.
Representative Carter of Virginia believed that this was done so that McAdoo should face a more difficult fight. It was said that the holding of the convention to break the deadlock.

Ambassador Davis was nominated by former governor Cornwall of West Virginia, closing the list of candidates.

HONEYMOON CHASE ENDS WITH CAR IN DITCH; NONE HURT

Strategy in attempting to elude a car of friends who had followed them in wedding and who were taken on a long drive to a lot of excitement to the new Mr. and Mrs. Kenneth Catchpole yesterday afternoon.

Motor went down a ditch along the side of the highway near the Woolen Mills after they had missed the side road as they sought to hide and let the machine follow them to the city. No one was hurt but considerable gasoline was consumed in drawing the machine back to solid ground.

Leaving their train was 30 minutes late they started for Afton, presumably. The crowd, in a string of cars, followed. The train, at least, sped up on the Afton pike and outdistanced the pursuers. Coming to a bend in the road he halted and the car toward him.

When the first of the machines carrying the chivalrous party appeared, its driver "stepped on the gas" and shot along the side of the road to the city again. Before those behind could turn around he was far ahead. There was still a string of cars following the train.

At Afton the shoe-decked bus turned towards the side road near the river in Moravia. The car took the side road and followed it and had not gone a long distance before his machine started slipping. Ere long it was down the bank.

The bride was formerly Miss Clara Schwartz.

(By Associated Press.)

Democrats Draft Platform, Modify Treaty, Omit Wets

San Francisco, July 1.—The Democratic platform as drafted by the subcommittee of 5 and submitted to the full committee declared for ratification of the peace treaty as a requisite to peace and the integrity of the nations, suggests that the Irish question can be brought legitimately before the league of nations on the question of prohibition.

For Collective Bargaining.
It advocates collective bargaining for farmers, proposes compulsory arbitration of labor disputes; declares for recognition of the new Mexican government when it has established order and calls on the legislature of California to ratify the suffrage amendment.

In many respects the platform follows that adopted by the Virginia democrats and publicly approved by President Wilson. The league of nations, the prohibition amendment, virtually as a whole from the Virginia platform though in other respects there have been modifications and many new subjects have been added.

Summary Is Given.
A summary of the subcommittee's draft follows:
Preamble:
Sends greetings to President Wilson, commending his achievements in the interest of the liberty and of the whole world. Condemns in general terms the republican congress.

League of Nations.
Repeals the Cordon plank with little variations, condemning the action of the senate republicans in adopting reservations and the separate peace. Declares for the ratification of the peace treaty and such membership in the league of nations as would in no wise impair national integrity or independence.

Praises Administration.
Conduct of the War:
Praises the administration's conduct of the war, commending the patriotic efforts of American citizens to aid the government, and praises the military and naval forces with mention of General Pershing by name.

Finance:
Again incorporates the language of the Virginia democrats in condemning the republicans for extravagance and the financing of the war and in condemning the republicans for extravagance.

Taxation.
Criticizes the republican congress for failing to revise wartime tax schedules and demands a survey of tax conditions. Opposes the republican claims of economy, declaring that no money was saved except at the expense of the efficiency of government bureaucracy.

Labor Leader and Pastor Are Flogged in Arkansas
Pine Bluff, Ark., July 1.—No arrests have been made today of members of a committee of nine men who last night escorted J. S. Eubanks and the Rev. J. T. A. Jones, both of St. Louis, out of town and were reported to have flogged them. The two men from St. Louis were here, according to the report, on a mission having to do with the organization of an insurgent switchmen's union. Eubanks is president of the St. Louis Yardmen's association.

San Francisco.—Two men and a boy were killed in an airplane accident when the machine struck a high tension electric wire.

A Bill Fold

—Lost—A black bill fold somewhere between the Myers Hotel and Congress street. Finder return to Gazette.

This small ad placed in the classified section of the Gazette sought immediate results to the loss. The bill was returned by a young woman the next day.

"I'm Dead, But Not Buried."

Youth Wires

"His last words were, 'Tell Belle.'"
This was the pathetic end to a telegram sent by Howard Hutchinson, 23, Janesville, codifying his step-mother in Sibley, Kas., of his own death. The proverbial cat with nine lives has nothing on this youth.

One of the most unique cases in local police history was a fight with light vestments. A woman, Mrs. Belle Pomeroy, and a woman friend arrived in Janesville to identify the body of Howard Hutchinson. The fight arose in a few minutes later. 'Twas very much alive!

Was in Marbles.
It seems that young Hutchinson was brought up by Mrs. Pomeroy in Sibley after his parents had died. She liked him, treated him as her own son. When Uncle Sam entered the war, he joined the army. His name was John Smith, sent a telegram to Mrs. Pomeroy in which he notified her that Howard Hutchinson (himself) had died in Madison. The body could not be shipped for this reason. As a friend, he wanted Hutchinson to have a decent burial. The motive, police said, was to secure \$100 or so on the pretext of paying funeral expenses.

Must Have Had a "Spell."
Though Grieved to learn of his death, Mrs. Pomeroy immediately came to Janesville. The police station when they met yesterday afternoon. She thought it was a frame-up of friends to get money. Hutchinson told Chief Morrissey and her husband must have sent the telegram in the midst of one of his "spells." He said he was subject to fits. She wouldn't prefer charges.

They left. Whether Hutchinson returned to Sibley, where he went to his work on construction of the new St. Patrick's parish school, no one seems to know.

The police and his proteges are chuckling yet.

MCADOO OR LONG DEADLOCK IS SEEN BY DEMOCRATS

ANTI-ADMINISTRATION EASY TO HOLD TOGETHER.

CUMMINGS BOOMED

Managers Busy Swinging Votes, Temporary Chairman Is Talked of.

(By Associated Press.)
San Francisco, Calif., July 1.—Combination work both ways. One hears it outlined in menacing proportions that a combination of votes has been collected which will place McAdoo on getting the necessary two-thirds. This sort of talk proceeds naturally, and in fact, the answer brought by the mail to the newspaper men who had besieged the McAdoo home throughout the morning.

Huntington, N. Y., July 1.—William G. McAdoo at his country home here today again declined to make any comment on the activities of the democratic convention at San Francisco, where his name has been placed in nomination for the presidency.

"Mr. McAdoo says he has nothing whatever to say," was the answer brought by the mail to the newspaper men who had besieged the McAdoo home throughout the morning.

LANGER DEFEATS GOV. LYNN FRAZIER

Nonpartisan League Power in North Dakota Broken by Republicans.

(By Associated Press.)
Fargo, July 1.—With only occasional slight recessions, William Langer maintained his lead of nearly two to one over Gov. Lynn Frazier, as compilation of returns on the republican gubernatorial contest in yesterday's state wide primary election showed.

Setback had been received from one-fourth of the 2,064 precincts in the state early this afternoon. Langer, who the independent republican candidate, had a 12,500 majority, given him principally by the larger cities and towns.

Nonpartisan League leaders predicted the vote from the rural precincts when more complete would cause rapid elimination of Langer's lead and ultimately turn it into a marked majority for the non-partisan candidates.

No totals were available early this afternoon on the contest for the United States senatorial nomination on the republican ticket, but scattering returns showed Senator A. J. Gronna, the independent republican candidate and Dr. E. P. Ladd, the non-partisan choice maintaining a lead of about two to one in the gubernatorial race with Gronna in the lead.

Returns from 435 scattered precincts showed Langer 25,044 and Frazier 13,737.

Bryan and Walsh Force Changes in Wilson Platform

All Night Session on Document Fails to Complete Work—No Balloting in Convention Today.

(By Associated Press.)
San Francisco, July 1.—Prospects for balloting late today for a presidential candidate were glimmering as the delegates to the democratic national convention assembled for the fourth day's session. A long bitter fight over the league of nations declaration in which the supporters of President Wilson were forced to accept an amendment to the administration plank before it could be adopted, so delayed the work of the platform committee that there is little likelihood the delegates will get down to balloting before tomorrow.

A plank dealing with the league of nations was adopted by the democratic platform committee early this morning. A long bitter fight delayed the platform workers so that the committee recessed until 10 o'clock today for the platform committee to have the platform ready for the convention this afternoon.

In the twenty battle, the administration failed to secure adoption of its "plank without amendment." The plank was adopted by a vote of 32 to 18 adopted an addition by Senator Walsh of Massachusetts, among those opposing the administration forces, providing for ratification of the treaty of Versailles with reservations consisting with American obligations.

Treaty As It Is.
As submitted to the committee the administration treaty plank, according to authoritative statements, provides:
"We recommend ratification of the treaty of Versailles and league of nations covenant without reservations which would impair its essential integrity." The words added by Senator Walsh's amendment were:
"But we do not oppose reservations which make more clear or specific our obligations to the associated nations."

Bryan-Plank Defeated.
The substitute plank of Mr. Bryan and Senator Walsh, which would have the plank read down to defeat. It was said, but from 12 to 15 votes each.

Chairman Carter of the platform committee, who was in the chair, said that the plank was adopted by a vote of 32 to 18.

While the committee this morning contained nothing on the question of prohibition and was in the process of ignoring the party the prohibition amendment, renewed activity marked Mr. Bryan and his cohorts as the committee went into session at 10 o'clock.

DEMOCRATS FULL OF ENTHUSIASM

Convention Is Emotional; Nominating Speeches Bring About Great Applause.

BY DAVID LAWRENCE
Copyright, 1920, by the Janesville Gazette.

San Francisco, July 1.—This is an emotional convention. It has the same flights of idealism and the same outbursts of impassioned enthusiasm as marked the famous Bull Moose convention in 1912. Song, oratory, agitation for the leadership of Woodrow Wilson are evident here. The same spirit animates the delegates gathered at Chicago in 1912 for Theodore Roosevelt.

CONVENTION SWINGS INTO HIGH

Says Abe Martin

San Francisco, July 1.—The report of the resolutions committee has been handed in and the democratic national convention is in full swing. There's much suffering amongst the delegates on account of the cold nights and the two-piece suit democrats are huddled in the hotel in the evening. There seems to be considerable fear amongst the more conservative democrats that the convention will be tempted to go too far on the labor question. "Any experience in politics has been that the labor vote hasn't worth monkeying with,"

Even Tammany is Enthusiased
Even Tammany is supposed to be lukewarm toward Woodrow Wilson, offered a most eloquent tribute to the president, which was the first body of delegates from their hall with cheers for New York state. Every mention of the name of Wilson, reference to the league of nations, or every worshipful gesture as speaker after speaker pointed to the brightly lighted portrait of President Wilson hanging over the rostrum was met with outbursts of applause and noise-making.

Discordant Notes Few
The discordant notes are few. In the Missouri delegation, disappointed supporters of Senator Reed who was denied a seat in the convention and refused to support any Wilson man. Other members of the delegation fought for possession of the Missouri stand, and in the end, when Dr. Burris, of Kansas City, Missouri, presented the name of William G. Adoo, the entire convention responded with cheers and shouts for Missouri.

It was a day of demonstrations, artificial, manufactured, spontaneous, and real—everything from the litigations of decades ago to cheering led by ambitious leaders of the college type.

Hard to Assess Value
It would be difficult to assess the value of demonstrations. They had them at Chicago three weeks ago and it was noticed that the galleries yelled themselves hoarse for Hoover while the delegates sat unmoved. Here the galleries shouted loudest for Adoo and while the delegation after delegation marched around shouting, the best showing made by any of the candidates was that of Governor Cox of Ohio. Led by its own band, the Cox people stirred up the most commotion.

Permission to erect five billboards in various parts of the city has been granted by the city building department to the Bower City Bill Posting

BOAT LAWS TO BE RIGIDLY ENFORCED

Particular Attention to Be Paid to Lights on Launches.

Fearing drownings that may occur in Rock river this year, Chief Thomas Morrissey today issued a warning to motorboat owners to comply with the state law which requires a constant display of lights on the front and rear of each motorboat one hour before sunset until an hour after sunrise.

He also calls attention to other safety regulations, particularly that requiring boats carrying passengers for hire to be equipped with life preservers.

He asks boat owners and the general public to note the following points of the state law and report all violations:

Every boat propelled by engine power shall from one hour before sunset to one hour after sunrise carry and keep continuously lighted the following lights: On the bow or fore part of such boat a red and a green light so placed that neither can be seen across the bow or from the stern, and on the rear or stern of such boat, a white light.

"All boats that travel in excess of 15 miles per hour shall, in addition to lights above prescribed, carry a searchlight of sufficient candlepower to make visible an object the size of a rowboat or canoe at 200 feet upon the water."

"All such boats carrying passengers for hire shall be equipped with one life preserver for each such passenger, and also provided with good and sufficient fire extinguishers."

"Express service is not keeping pace with local conditions," writes the Shurtliff company to the Chamber of Commerce along a line of the campaign of Janesville manufacturers plants and business houses to eliminate present aggravating conditions.

"Our business has been greatly handicapped in the past few months by reason of the poor service given," says the letter of the Lewis Knitting company. "On one or two occasions they have failed to make any call during the day thus leaving all our express over until the next day. When we had competition in the express business we always enjoyed two calls per day."

The Parker Pen Co. says: "In previous times we were given anywhere from three to seven calls a day and the express company tried to regulate the times of call so as to give us the best service possible. Now there is no such word as 'service,' being no doubt due to their lack of equipment and lack of help."

"At the present time we are getting but one call a day, this call being about 2:30 p. m. With an average of 50 express shipments per day the year around this is far from sufficient."

NAMING SCHOOLS TO COME UP AT ANNUAL MEETINGS, TUESDAY

Annual district school board meetings of Rock County usually held the first Monday in July, will be held in the respective schoolhouses, Tuesday evening, being postponed from Monday evening, owing to the observance of the Fourth of July.

Among other important matters coming up for discussion will be the naming of the schoolhouses. A law was passed last year in the state compelling the naming of all schools in rural districts and in some cases O. D. Antisdel, county superintendent of schools, was forced to name the schools because of the failure of the boards to provide names.

At the meetings Tuesday evening, the boards will be given another chance to select new names, in case the ones chosen last year were not satisfactory.

DISCONTINUED
Publication of the Janesville Methodist, a temporary church weekly, has been discontinued, Rev. F. F. Lewis states.

Mr. Antisdel has sent to all district boards in the county, instructions for conducting annual meetings; census blanks on which the district clerks are to keep records of the number of children of school ages; and tax levy blanks to be used by the district clerks in sending records to the city or town clerks, of the amount voted for school expenses at the annual district meetings.

After the naming of the schools is settled, the main business of each district meeting will be voting on appropriations for school expenses for the coming year.

HALF-HOLIDAYS IN 43 STORES START NEXT WEDNESDAY

Forty-three retail business houses of Janesville next week will inaugurate the Wednesday afternoon holiday program during the months of July and August. Other firms not listed below that plan to close will be furnished window cards by the Chamber of Commerce.

Squeegie Tread TIRES

FULL OF LIFE

MORE than two million Diamond Tires are in use—now, almost one for every third car in the United States.

The reason that hundreds of thousands of motorists are buying Diamond Tires is because Diamonds are delivering the service.

Small wonder that motorists buy more Diamonds than any other tire not sold to car manufacturers for original equipment.

Stucco Houses Can Be Warm and Dry

Heat and Cold cannot get through Flaxlinum Keyboard, the economical, insulated stucco base.

FLAXLINUM KEYBOARD

Keeps the House Warm in Winter—Cool in Summer—Saves 1-3 of Coal Bill

MANY people hesitate to build stucco houses because they are afraid that the stucco base will disintegrate, and the stucco crack and disfigure the building. There is also a notion that stucco houses are cold and damp.

You need have no fear on any of these counts if you use Flaxlinum Keyboard with its beveled wood lath. Keyboard is built to insure permanent, warm, dry walls.

It is built up of one-half inch Flaxlinum, high-grade, asphalt-saturated, waterproof paper and No. 1 white pine beveled lath.

The Flaxlinum "insulates" the wall against the passage of heat and cold—just as the walls of your refrigerator are insulated. The asphalt paper is proof against moisture getting into the walls. And the white pine beveled lath makes a permanent, positive foundation for the stucco.

Keyboard comes in sheets ready to be nailed over the sheathing or direct to the studding. Applied on the studs it makes a strong, rigid construction. The Government has built hundreds of houses with this construction and they have given perfect satisfaction.

Keyboard applied direct

to the studding gives you the most economical house you can build. It cuts materials and labor cost to a minimum.

But best of all Flaxlinum Keyboard gives you a comfortable house—winter and summer. A layer of Flaxlinum one-half inch thick is equivalent in heat and cold resistance to thirty thicknesses of building paper or four solid inches of back plaster.

That's why Flaxlinum cuts coal bills from 30% to 40%, a big saving when you consider the years you are going to live in the new house. When you build don't neglect insulating the roof. Heating experts say that the roof is the big heat leak in the house—that this is where most of the heat escapes. And it is through the roof that the most heat gets into the house in summer. For roof insulation we recommend three-quarters or one-inch Flaxlinum.

Flaxlinum products are sold by leading building material dealers everywhere. They are specified by architects and endorsed by contractors. If you do not know the name of a Flaxlinum dealer in your vicinity, write us.

Free samples and booklets on request. In writing, please state the kind of building you are interested in.

The Albanians carried Avlona by storm after desperate fighting with the Italians, the message declares. Rome, July 1.—Occupation of Avlona by insurgents is denied by the Stefani News Agency, a semi official organization.

The DIARY OF AN ENGAGED GIRL

When the two ladies had swept out of our contaminating presence and we were once more alone, I turned to Morgan and he to me, and we burst into hysterical laughter simultaneously.

When the last sputter had subsided I looked at him critically and said, "Now, what do we do for ourselves, Morgan?" I felt infinitely depressed, for only a few hours earlier I had decided to turn over a new leaf and conform to the conventions more than I had been doing in the past, for various reasons. Now, here I was in the hottest water of all, in fact at that very moment I was probably becoming disengaged by Jack, and my parents would be told everything. It was too dreadful.

"Cheer up, Lindsey," said Morgan, patting me on the shoulder. "After all it is only a small matter, and so quick to misunderstand us and our motives, it is far better that we discover this before we attach ourselves to each other for life."

"Truer words were never spoken, but the thought of the deadly and eternal explaining that I should have to do to any number of people made me turn cold with despair. A genuine despair."

"Morgan, I'm so sick of my life at present," I said to him, "that I really don't care what Jack breaks off the engagement, and that the family cuts me off with a dollar, for then maybe I shall become a great artist. It would be possible for me to earn a fair living posing, and painting between times, and it would make me independent. I know I can paint, and I know that all I need is the

right atmosphere and absolute peace. Yet peace it would seem is the hardest thing to procure in this world. I went on with a few more sad reflections in this strain, and then we decided to stand by our ideals, come what may.

Morgan confessed that he had maybe been a little hasty in tying himself to anyone at 23, and I assured him that the gods had never intended for a girl like myself to marry any one man. What I needed was half a dozen lovers, one to meet each mood, and in this way only could I be inspired to do the very best that was in me. As a wife I should slump dismally, and become a nuisance to myself as well as my husband.

After these reflections we drank some black coffee which Morgan made behind the built-in screen. And before very long we were darning to smile once more. Only when I remembered the look in my once-to-be future mother-in-law's eyes did the laughter die on my lips with a shudder, and a cloud form before my young eyes. What wouldn't she and mother tell each other about me, once they got properly together?

Of course I got up and posed a "rain" for Morgan. The harm was done now, so there was no need to hesitate. He did some splendid work, spurred on no doubt by the coffee, and maybe the thought of his possible freedom I encouraged him from now and then by reminding him every now and then that after all 50 years from now nothing would be done would really matter. It's a wonder-

MENU HINT
Breakfast. Strawberries. Rice Muffins.
Breakfast Slop. Coffee.
Noon Dinner. Steamed Potatoes. String Beans. Butter Sauce. Fruit Cream. Cake.
Supper. Cheese Souffle. Lettuce Salad. Bread and butter. Junket. Drop Cake. MILK.

RECIPES FOR A DAY
Breakfast Stew—Chop fine one cup of cold meat. Melt two tablespoons butter in frying pan, add three tablespoons flour and stir until well browned. Then add gradually two cups hot water, soup stock or milk. Season with half teaspoon salt, dash of pepper and a pinch of onion powder. Simmer until boiling, add the chopped meat and serve on squares of toast. Garnish with slices of lemon.

Rice Muffins—Sift together one and one-quarter cups flour, one-quarter teaspoon salt, one and one-half teaspoons baking powder. Add one-half cup milk, one well beaten egg and two tablespoons butter. Fill muffin pans two-thirds full and bake in moderate oven 25 minutes.

Fruit Cream—Make soft custard and pour over fresh fruit. Let stand until cold and serve with whipped cream.

Soft Custard—Scald two cups of milk to which has been added one-half cup sugar, one-quarter teaspoon salt. Beat three eggs slightly and add to milk, first thinning and heating eggs gradually by adding a little hot milk. Cook over hot water until the mixture coats a spoon. If mixture cooks too long and curdles, pour in cold bowl and beat with egg beater.

Lettuce Salad—Wash and break one head of lettuce in small pieces. Cut one hard-boiled egg in shreds over it and cover with salad dressing.

TRY THESE
Never place meat directly on ice. Save all dry cheese and use for grating. Breadcrumbs can be used for squash pie. Always salt meat after, not before cooking. Fruits cooked without sugar are most wholesome. Beef drippings are good shortening for pie crusts. Stuff dates with marshmallows; they are delicious. Baked apples are delicious stuffed with raisins and chopped nuts. Never mix old and new milk if you expect the new milk to keep sweet. Cider apple sauce is excellent with roast pork; also spiced crabapple jelly.

COOKIES
One box of toasted corn flakes, two well beaten eggs, one cup sugar, two tablespoons fat, one-half teaspoon salt, two teaspoons vanilla, two cups shredded coconut, one-half cup milk. Drop in inverted tin; spread into circular shape with knife first dipped in cold water. Bake in moderate oven. They would be just fine for parties, picnics and many other occasions.

Last year China exported 2,500,000 bales of cotton. That is a small quantity, considering that cotton raising is comparatively a new venture in that country.

Heart and Home Problems

LETTERS MAY BE ADDRESSED TO MRS. THOMPSON, IN CARE OF THE GAZETTE.

Dear Mrs. Thompson: I am a young woman of 18. My husband died this year, but I did not love him. I have always loved a man that is 50 and now we wish to be married. Would it be proper to marry him this year or wait until next year? I have no parents.

A LONELY WIDOW.
You should wait until next year.

Dear Mrs. Thompson: I am a young married woman and very unhappy and discontented. I have a little girl which is the only thing which holds me to my home. I do not love my husband and haven't for years, for he is too ill and grouchy for me. He never thinks I should leave the house or have any pleasure. It is unbearable to stay around where he is. I want to go away and forget him. I never could care for him if I were to stay forever.

He never smiles and he only speaks to me when necessary. I am sick of it all. Do you think we would be better separated? Quarrels never appealed to me, for I am very easy to get along with. I know it would be best to go away. I am anxious to go away. I have been on visits and never miss him and I could soon forget.

Tell me frankly what you think best. Often he has told me to go and I always stayed. There is no use talking, it makes matters worse. When the doctor says never, never, you object to your husband because he is ill and grouchy. With proper thought on your part you could better condition him. I realize I am not advising you to do anything easy. To sacrifice your own feelings and cater to a sick man is not an enviable task. Unless, however, you

try to better conditions in your home, you are not loyal to your marriage vows.

In your case I cannot advise divorce. When your husband's physical condition improves he will not be so irritable and he will be a better husband and father. It would not be quite fair to the child to deprive her of a father.

Talk to your physician and ask him what he thinks. Doctors are used to hearing such things. He may think it would be better for you and the child to leave because your remaining cannot better your husband's health. The physician will know best and will not advise you to go unless it is to preserve the health of you and your child.

Dear Mrs. Thompson: I am a girl 18 years of age. (1) When sitting in a seat for two in a street car the girl should sit on the back seat with a boy? (2) If you receive a box of candy from a boy should you open it while he is still with you or after he has gone? (3) Is it proper to go with a boy whom every one thinks is tough but who acts very decent when he is with you?

PRIMP.
(1) When sitting in a seat for two in a street car the girl should sit on the inside. It does not matter on which side she sits if the seat is large and designed for several passengers. When the seat runs along the side of the car, a thoughtful man has the woman sit so that she will face the front of the car when talking to him. (2) The candy should be opened while he is there. (3) A girl cannot be too careful of her good name. If she goes with a boy who has the reputation of being tough, it will lower her reputation to his level.

It is one of the Elysian emotions. We grow old and bold, and women are adventurous, dismissed from their fears. We do not think of interesting them. CITY OF MILTON
PRAISES RED SOX

Offers \$100 Purse for Independence Game With Crescents of Milton Junction.

The Jansville Red Sox are not only making a Sox bid for the city championship in their games with the Samson Nationals, but their clean sportsmanship and their praise from teams and fans of other towns. Monday, July 5, the Sox will again play the Milton Junction Crescents. The City of Milton will give up a \$100 purse to the winner of the game which will be a feature in the Independence Day celebration at that city. The Jansville team was picked to put on the battle because of the fine spirit they showed in previous games there.

Game Will Be Attraction
The Crescents hold two victories over the Red Sox this year. This game should prove to be more interesting as both teams are playing at their best.

The Red Sox will have the same lineup as was used in the two games with the Nationals last week with the same lineup. Either Berge or Fleming will pitch for the Sox. Danny Milton of speed ball will probably hurl for the Crescents. Lineups for both teams will be announced later.

The game will be played in the city park, most likely on the Milton college grounds.

BRINGING UP FATHER

RUTH HITS 2 MORE;
CHICAGO CLUBS WIN

AMERICAN LEAGUE.
Ruth made two more homers yesterday, his twenty-fourth, breaking a 1-1 tie in the fourth inning. Six circuit clouts in all were made in the double header between the Yankees and Philadelphia, both won by New York 5 to 3 and 10 to 6. Ruth now needs six homers to make a new record.

The Chicago White Sox hammered three Detroit pitchers for 18 hits and won 14 to 0. Combs, who last pitched for Brooklyn two years ago, finished the game for Detroit.

Bunching his hits to better advantage, St. Louis won a slugging match from Cleveland, 10 to 8. Hager, who was driven from the mound and Davis was pulled for wildness. Johnston scored a homer with one out in the second.

Boston and Washington divided a twin bill, the Red Sox taking the first 4 to 3, Senators capturing the second 5 to 2. Gharrett, former Sox pitcher, pitched for the second game in the ninth with a home run.

NATIONAL LEAGUE.
With Vaughn holding, Pittsburgh to one hit in a pitcher's duel, Chicago defeated the Pirates 1 to 0. Only one Pittsburgh man reached second base.

Weather and Haines staged a pitching duel in the first game of the Red Sox-Cards series won by Cincinnati 2 to 0.

Brooklyn won both games of a double header from the Giants, 7 to 3 and 3 to 1.

Boston and Philadelphia tied.

AMERICAN ASSOCIATION.
Minneapolis and the Brewers went long distances yesterday, the first game of a double header being 11 innings and the second 15. The Athletics defeated the first 4 to 4, when Miller made a wild pitch. The second battle was called with the score 1-1 on account of darkness.

DR. SCHWEGLER JUDGE AT BIG SWISS GAMES
Dr. Emil Schwegler of this city returned yesterday from Chicago where he acted as one of the judges of the National Swiss Gymnastic and Field meet, an annual event. He was accompanied by two Swiss athletes who competed in the tournament in wrestling, Swiss style and carried off the first place honors.

LOCAL GOLFERS
DEFEAT MADISON

Finals Are Close—Doctor Ainsworth Wins Visitor's Prize—Competition Keen.

In one of the closest matches of team play ever staged between local and visiting golfers, members of the Jansville Country Club yesterday defeated players of the Maple Bluff Country club, Madison, on the Jansville links, 35 to 30. Competition was keen throughout with an exceedingly high pitch of interest. Dr. H. H. Ainsworth won the visitors' prize of a gold-barreled fountain pen with the lowest net score of 72. Madison sent 36 men down.

Among the players were three judges of the supreme court: Walter A. Owen, A. J. Venge, and R. G. Sebecher. State Treasurer C. A. Johnson took a turn at caddyding. Harry Robinson, the local professional, the only man able to play the Madison course at par, defeated C. Kidd, the Madison pro. This makes two victories for Robinson in the past week.

BURLINGTON BOAT
RACES ON TOMORROW

Burlington, Iowa, July 1.—All arrangements are completed for the great annual regatta of the Missisquoi Valley Power Boat association, which opens in this city tomorrow afternoon, and in which it is believed records may be shattered by "Miss Toronto," "Miss Detroit" and other famous speeders which have been entered in this Western classic event.

The "Valley" regatta is the biggest aquatic affair held anywhere in the West and is one of the most important events of this kind held in America. It is the first important regatta since the close of the war and some of the famous boats which will endeavor to set up new records will incorporate many of the motor improvements and refinements which were developed during the war. The larger type of boats will be powered in many instances with Liberty Motors, the famous engine which Secretary of War Baker called the greatest achievement of this country during the war period.

ALL-STARS TO TAKE
NEW LEASE ON LIFE;
BOOKED WITH BAKERS

With an effort to take a new lease on life, the Jansville All-Stars have booked a game with the Baker Manufacturing company at Evansville, Monday. The Bakers seem anxious to take the Stars' sculp. They will put up a strong battle, according to the dope brought back by "Red" Hager, who in playing against them last week found them heavy hitters. In Larson, Evansville has a star pitcher. He struck out 17 men last week.

Evansville-Jumper Larson P. Funk c. Hanson of Sperry 2b, Tolles 3b, Jones ss, Neld rf, Miller lf, Morrison 1b, Brown and Robertson.

Stars of the Stars.
The All-Stars will have Curt Wall back of the plate again. Hager, the "beam ball" artist will twirl with Charley Bick, southpaw, also ready to mount the slab. "Bonder" Fullman, manager of the Stars, will cover short. Marko may be seen at first. "Wo" Graesslin will take second, Don Dawson third. The pitcher will be composed of "Chic" Babcock, "Plug" Zahn, "Poke" Graesslin and Cullen, a recruit. Graf may be seen in a uniform.

Practice Game Friday.
Tomorrow evening at 8:45 the Stars will meet the Shamrocks in a practice game at Rock Hill diamond. In an effort to get the Stars going in the style they displayed in previous seasons, Hager calls upon the team in the following manner:
"Will all those who would like to make the All-Stars please bring a glove and some 'pep' with you, because that is the kind of men we are looking for. There will be plenty of positions open. It makes no difference who you are, we want you, and

at least you will be given a chance. Come on fellows, show 'em what's in you."

FISHING SEASON FOR
BASS OPENS TODAY

Open season on large and small mouthed bass opened today in Wisconsin. Sportsmen everywhere are watching the experiment with a great deal of interest, many of them claiming that the late opening will spoil bass fishing, especially in this part of the state. They base their theory on the fact that the waters are so warm and weedy that the bass have become sluggish or have retreated to deeper holes. Those who have taken advantage of the law permitting cutting for pickarel after June 1 declare that the bass have struck well on lures intended for pickarel.

Size limit on black bass is 10 inches. The daily limit is 10 fish. Any non-resident male over years must have a license to fish in Wisconsin waters.

FARMER'S WIFE IS ATTACKED IN CHARGE

Monroe, July 1.—John Strommen and brother of York township came to this city Saturday and made a statutory charge against Tom Kall, Blanchardville. Preliminary hearing was set for July 17 before Justice Sauerbaum. Mr. Strommen's story, as told to Judge Sharron and District Attorney Curdine, is in brief, that he was away from home during the day and found his wife nervous and in a hysterical state of mind upon arriving home at the supper hour. His wife told him Kall had driven up during the afternoon, hitched his team and came to the door and asked for a drink of water. She told him he could get a cool drink at the windmill pump, but he said the cup was dirty. She told him she would get him a clean dipper and went to the kitchen after it. She said Kall entered when she went to the kitchen and attempted to kiss her when she brought the dipper to him; that she repulsed him and he persisted, and she called to the young son to run to the field and call the hired man, he placed his hand over her mouth, stopping her words, and in the struggle she followed she was thrown to the floor. Mr. Kall resides in Blanchardville, is married, and engaged in the well drilling business.
